Prepared by Technical Committee of Assam Athletics Association

## Message from

## President Assam Athletics Association

It fills me with immense pleasure to announce the successful conduction of the 36<sup>th</sup> National Junior Athletics Championships 2021 at Guwahati during February. The championship saw enthusiastic participation of more than 1600 participants from various State and as the organizing Association this year, we feel delighted to have extended our hospitality to the entire athletics fraternity from all over India. The event spanning 5 days from 6-10<sup>th</sup> February, witnessed a footfall of 2000+ people including athletics, coaches, managers, media personnel and eminent sports personalities thus making the whole championship a grand success in terms of participation as well as the intent and grit shown by the athletes during the championship. The countless days of hard work and consistent practice enabled us to witness some epic battles on the field as well as countless in- spiring stories that highlight the developed all-round personality of youth thanks to a rich culture and vibrant environment of the Athletics Federation of India. Since its inception national junior championships has been the pioneer in establishing a strong culture of sports in India. Organized every year and spread across different domains of athletics and many more, the championship brings the best out of the athletes from 33 state all over India. Haryana emerged as the overall winner of this year's meet while Delhi and Madras occupied second and third places respectively. While I extend my heartiest congratulations to the winners, we always need to remember that irrespective of any walk of life we choose to venture in, it is not about winning but the journey. On a similar note, I congratulate every participant who covered the extra mile to compete at the highest level of competition and inspired us by their stories. Also, I would like to extend a token of gratitude to the organizing committee composed of sports administrators, office bearer of AAA, technical official, athlete and volunteers who worked tirelessly to make the event a grand success. I am looking forward to witnessing participation in even higher numbers in the next year and breaking the records from our future leaders thus establishing a sustainable impact and carrying the rich legacy of AAA ahead.

### Secretary, Assam Athletics Association

I am immensely honoured to be a part of the Assam Athletics Association, and it will be a fascinating opportunity for me to witness the creative talent of our members up close. AAA at under AFI has been the epicentre for athletics activities and continues to be a strong force that shapes the lives of our athletics. The spectacular performance of our athletes at the 36<sup>th</sup> National Junior Athletics Championships 2021 serves as an inspiration for youth of upcoming batches. I heartily congratulate the athletes for their considerable efforts, dedication and commitment to bring laurels to our state. I appreciate the commitment and hard work put in by our coaches and support staffs for this achievement. I congratulate the editorial team for bringing out this beautiful report amidst the unparalleled circumstances we are facing due to the COVID-19 pandemic, which in itself is an achievement considering the painstaking effort and time that has been put in.

The National Junior Athletics Championships has burgeoned to be the largest national-level competition, since its inception. The five-day extravaganza will witness clashes between the top-notch sportsmen and sportswomen of the 32 states of India. Trophies gather dust, but it's the memories which last forever, and these five days of paramount significance will not only endure wins and losses, but also bring souvenirs forever etched in the minds of the athletes. I wish luck to all the participants to be at the pinnacle of their performance, and also wish for the championship to be splendid, and hope that none have to go through any predicament during the Championship.
