It is well known that sports have a positive influence on the personal and moral development of youth. Being a positive alternative in the daily lives of young generation/ students, sports serve as recreation which develops self-esteem, self-discipline and responsibility among the students/ youth. Sports assume a higher level of importance today than earlier times in view of the complex environment, competitive and stressful conditions, children and youth are facing today. Over the last few decades, the national level athletics championships have been transforming into a mega extravaganza with a rising number of athletes. Such a grand meet helps in creating a positive and competitive environment within the country throughout the year among the youth of India.

This is indeed a good progress which will help in maintaining high standards at the competitions. I am glad that the 32 East Zone Junior Athletics Championships was organised with enhanced vigour and enthusiasm during 28-29th December 2020 at Guwahati. I hope that this championship fetched the athletes, coach, manager, technical official, organizers of all states together for upholding the sportsman spirit and betterment of the society.

I would like to take this opportunity to congratulate all the participating teams for the enthusiasm they are showing. I would like to congratulate Athletics Federation of India for allowing us to host and thank them profusely for sharing the honours of conducting championships. I encourage the participants to make the most of this wonderful opportunity to interact and to showcase their best athletic talent and spirit of sportsmanship. I wish good luck to all the participating teams. Finally, I hope the championships at Guwahati during covid 19 pandemic, was a grand success.
